

January 2009

Dear Bookseller:

As we are sure you are aware, the Consumer Product Safety Improvement Act of 2008 (CPSIA) requires all publishers to comply with new lead content regulations. Books have always been safe products for children and HarperCollins' books now meet and will continue to meet the strictest limits outlined by the CPSIA. The attached document confirms this in more detail, and should answer any questions you might have. If you have any additional concerns or questions, please contact Josh Marwell at [josh.marwell@harpercollins.com](mailto:josh.marwell@harpercollins.com).

Thank you.
